Q3 2013 turnover

VM Matériaux posted turnover of €153.6 million for the third quarter of 2013, down 2.0% from the same period of 2012 at constant scope restated (-6.7% at same scope).

Performance of the Building distribution activity slipped 2.6% at constant scope restated. The Concrete industry division continued to suffer from lower volumes; its turnover declined 7.0% at constant scope restated, with a most severe impact in September.

The Industrial joinery division confirmed its first-half trend with a 5.0% turnover gain. New orders were strong in this third quarter, especially for PVC products.

For the first nine months of 2013, Group turnover was €492.0 million, down 0.8% at constant scope restated (-4.1% at same scope). The Group's businesses continued to experience the impact of declining individual housing starts (-9.2% during the past 12 months).

Outlook

The Group remains confident in its fundamentals and is pursuing its reorganisation project and its programme of selling non-strategic assets. As part of the program, it finalised the sale of the VM Piégut (Dordogne) sales location on 30 September.

With the market outlook still uncertain, the Group is maintaining a disciplined management approach, strengthening its internal processes and developing its organisation and sales approach to win back market share in all its businesses.
